Mexican Patriots

When the bill appropriating money to meet the next installment due under the treaty with Mexico came up in committee of the whole house of Congress on Monday Feb. 26 1849, Mr. Schenck of Ohio moved a substitute, that the territories of New Mexico and Calafornia be restored to Mexico. With a view of testing the yeas and nays in the house the substitute was adopted and reported to the house,

The question in that body

then being shall the territories
of California and New Mexico
including the Gila and Puchsitoes
be restored to Mexico?
It was decided in the negative
nays 194, ays 10, namely
Ashmun, Mann and Palfrey
of Massachusetts — Henry
of Vermont — Branston of R.I. —
Schenck, Brestwell and Giddings
of Ohio — and Stephens and
Toombs of Georgia all whigs.
The original bill was then
passed 188 to 8 — Hereupon
Mr. Turner of Illenois lectured
the whigs for their hypocrisy.
They had charged the administration
with robbing Mexico of her
lands, and now they had sanction
ed the robbery by consenting to
pay for the plunder.
If the partaker is as bad as
the thief Mr. Turner hoped
we should hear no mor Whig
cant about the robbery of an
unoffending neighbor.
